Short description:

These hinges can be 3d printed and mounted on Ultimaker 2. If attached to an acrylic door, they would allow 270° rotation.

Description:

These hinges can be 3d printed and mounted on Ultimaker 2. If attached to an acrylic door, they would allow 270° rotation.

Acrylic door is recommended to have a small magnet attached to hold the door in the closed state.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/hinges-for-ultimaker-2-door> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
